Native Wild Flowers

Edith Helen Curtis

Callicoon, New York

These plants are collected from the rugged hills of Sullivan County, New York, and Wayne County, Pa. They are taken directly from their native haunts where the climate and soil are especially adapted to growing strong vigorous plants.

Anaphilis margaritacea (Pearly Everlasting) 1 to 2 feet high. White flowers with yellow centers, blooming from July to October. Plant in dry sunny places.

5c each, \$3.00 per 100.

Anemonella thalictroides (Rue Anemone) 4 to 6 inches high. Blossoms pinkish-white; blossoms in May. Grows best in rich shady soil.

6c each, \$4.00 per 100.

Anemone nemorosa (Wood Anemone) Grows 3 to 5 inches high. Flowers pinkish-white, blooming in May. Rich shady places.

6c each, \$4.00 per 100.

Aqualegia Canadense (Columbine) 12 to 16 inches high. Flowers red and yellow, blooming in May—very showy. This plant grows best in dry rocky places.

10c each, \$8.00 per 100.

saema triphyllum (Jack-in-the-pulpit)
to 25 inches high. Terminated by a
he. Flowers inclosed in spathe. Spathe
ten veined with purple, blooming in June.
st grown in damp shady places. Fruit
right scarlet. 10c each, \$8.00 per 100.

Asclepias cornuti (Milkweed) 3 to 4 feet
high. Flowers purplish red, clustered at
top of stem, blooming in June. Dry, sunny
places. 6c each, \$3.50 per 100.

Asarum Canadense (Wild Ginger) 3 to 5
inches high. Solitary flower close to
ground, purplish-red. Leaves heart-shaped.
Blossoms in May. Shady, rocky places.
8c each, \$6.00 per 100.

Brunella vulgaris (HealAll) 4 to 6 inches
high. Flowers purplish blue, blossoming
from July to October.
7c each, \$5.00 per 100.

Chrysanthemum heucanthemum (Daisy)
12 to 18 inches high. Flowers having white
petals with yellow centers—very showy.
Open sunny places. 4c each, \$2.50 per 100.

Cirsium lanceolatum (Bull Thistle) 2 to
5 feet high. Flowers large, purplish-pink,
very showy. Plant in dry sunny places.
12c each, \$10.00 per 100.

Coptis trifolia (Gold Thread) Small ever-green plant, shiny leaves and white flowers. Blossoms in June. Grows best in moist, shady places. 7c each, \$5.00 per 100.

Cornus Canadensis (Bunchberry) 5 to 7 inches high. Large greenish-white blossoms within whorl of leaves; resembles dogwood. Blooms in May. Best adapted to dry, partially shady places. 10c per clump, \$8.00 per 100.

Cypripedium acaule (Moccasin Flower) 12 to 14 inches. Flowers rose purple—very showy. This plant has two broad, flat leaves at the base between which the flower stalk grows. Thrives in well drained leaf mold soil; often found beneath ever-green trees. 20c each, \$2.00 per dozen.

Dentaria diphylla (Crinkle-Root) 8 to 10 inches high. Flowers white in terminal cluster. Blossoms in May; rich, shady places. 8c each, \$6.00 per 100.

Echium vulgare (Blue Weed) 1 to 2 feet high. Flowers blue and pink, grow in leafy spikes near top of stem.—Very showy. Dry sunny places. 15c each, \$12.00 per 100.

Echinocystis lobata (Balsam Apple) Ornamental vine, light green leaves. Flowers greenish-white; fruit green covered with weak prickles. Good arbor vine. Plant in rich sunny places. 8c each, \$6.00 per 100.

Erigeron pulchellus (Robin's Plantain)
10 to 24 inches. Blossoms bluish-purple,
grouped on top of stem. Blooms in May
and June. Partially shady places.

5c each, \$3.00 per 100.

Epigaea repens (Trailing Arbutus) Ever-
green vine, having clusters of white or rose
colored fragrant flowers. Grows in dry par-
tially shady places, blossoming in early
May.

25c per clump, \$20.00 per 100.

Erythronium Americanum (Adder's Ton-
gue) 8 to 10 inches high. Flowers bright
yellow, blossoming in May—very showy,
somewhat resembling a lily. Damp shady
places.

5c each, \$4.00 per 100.

Gautheria procumbens (Wintergreen Ber-
ry) 4 to 6 inches. A very pretty little ever-
green plant, having white bell shaped flow-
ers blooming in July, followed by bright
red berries—very showy. This plant takes
a season to acclimate itself to new sur-
roundings. Plant in a rich partially shady
place.

10c per clump, \$8.00 per 100.

Geranium maculatum (Wild Geranium)
10 to 12 inches high. Flowers purplish pink,
blossoming in May and June. Grows best
in partially shady places.

10c each, \$8.00 per 100.

Geranium Robertianum (Herb Robert) 8
to 10 inches high. A biennial blossoming
from June to September. Flowers purplish
pink, growing best in rocky places.

10c each, \$8.00 per 100

Goodyera pubescens (Rattlesnake Plantain) 6 to 10 inches; leaves in flat rosette at root, veined with white, evergreen. Flowers small greenish white on spike, blooming in July and August. Rich shady soil. 10c each, \$8.00 per 100.

Hemerocallis fulva (Brown Day Lily) 12 to 18 inches high. Flowers redish brown, blossoming in July. Grows well on sunny banks. 5c each, \$3.00 per 100.

Hepatica triloba (Liverwort) A low plant having either white or blue blossoms, blooming in April. Plant in a rich shady place. 6c each, \$4.00 per 100.

Houstonia caerulea (Bluets) A biennial 3 to 5 inches high. Flowers pale blue with yellow centers, best planted in open grassy places. 6c per clump, \$4.00 per 100.

Impatiens pollida (Jewel Weed) 4 to 6 feet high. There are two varieties of this plant; the flowers of one are pale yellow, and of the other spotted with orange—very showy. Blossoms in July and August. Best grown in damp partially shady places. 2c each, \$1.00 per 100.

Inuls Helenium (Elecampane) 3 to 6 feet high. Blossoms large, yellow, very showy. Blossoms in July; should be planted in dry sunny places, 10c each, \$8.00 per 100.

Iris cristata (Crested Dwarf Iris) 8 to 10 inches high. Flowers violet usually solitary, blooming in May and June in moist soil near water. 10c each, \$8.00 per 100.

Linaris vulgaris (Butter and Eggs) 8 to 14 inches high. Flowers of two shades of yellow—very showy. Grows best in open places. 5c each, \$3.00 per 100.

Lysimachia nummularia (Creeping Charley) A pretty vine, excellent for porch boxes. Flowers bright yellow, blossoming in June. Thrive best in partial shade.

6c each, \$4.00 per 100.

Maianthemum Canadense (Wild Lily of the Valley) 2 to 6 inches high. Flowers white in terminal raceme. Red berry in autumn. Rich shady places. 4c each, \$2.00 per 100.

Trillium erectum (Wake Robin) 10 to 15 inches high, having three large leaves growing just below flower. Flowers purplish red. Plant in rich shady places. The Wake Robin is one of the earliest spring flowers, blooming in early May. Plant in Spring. 7c each, \$5.00 per 100.

Trillium erythrocarium (Painted Trillium) 10 to 12 inches high. Flowers white painted with red at base. Should be planted deeply in leaf mold. Blossoms in May

7c each, \$5.00 per 100.

Uvularia perfoliata (Bellwort) 10 inches high. Flowers light yellow; blooming in May and June. Grows best in damp rich shady places. 7c each, \$5.00 per 100.

Verbascum thapsus (Common Mullein) Cluster of leaves growing close to the ground, with flower stalk growing from center of leaf cluster to the height of about 3 feet. Flowers yellow, blossoming in July and August. This plant grows best in sunny places. 7c each, \$5.00 per 100.

Vicia Cracca (Blue Vetch) 2 to 3 feet high. Trailing plant. Blossoms violet, bean-like; grow in one sided racemes. Blossoms in June. Plant in dry sunny places. 5c each, \$3.00 per 100.

Viola canina (Dog Violet) 3 to 8 inches high. Flowers small, pale violet having heart-shaped wavy-toothed leaves. Blossoming in May and June. Grow best in wet shady places. 3c each, \$2.00 per 100.

Viola cucullata (Common Blue Violet) 5 to 8 inches high. Flowers pale blue to a deep purple. Blossoms quite large. Blooming in May and June. Grows best in open places. 4c each, \$2.00 per 100.

Viola pallens (Sweet White Violet) 2 to 4 inches high. Flowers white, small and quite fragrant. Blossoms in May. Grows best in wet or moist soil, in shady places. 6c each, \$4.00 per 100.

Viola pubescens (Downy Yellow Violet)
6 to 9 inches high. Flowers bright yellow
rising from the axils of the leaves. Blossoms in May. Dry shady places.

10c each, \$8.00 per 100.

PACKING

All plants will be packed in sphagnum moss and labeled. Precaution will be taken in packing these plants but I assume no responsibility for delays and damage in transit. All orders accepted upon condition that they shall be void should injury befall stock, from frost, fire or other causes over which I have no control. Burlapping and packing done at actual cost.

* * *

CLAIMS

No claims for rejection or deficiencies will be entertained unless made within ten days after arrival of goods.
